To: Members of Dawn-Euphemia Township Council
Meeting Date: April 2, 2024
From: Donna Clermont, Administrator-Clerk
Subject: **Request to Waive Fees for Fundraiser**

Open Session Report

Background:

Attached is a request dated March 26, 2024, from the Florence Oddfellows to waive the Community Centre Fees for a future fundraiser for a Spaghetti Supper (300 people), as a fundraiser for the Dawn-Euphemia Public School Playground Initiative.

Comments:

Current fees for the Dawn-Euphemia Community Centre are as follows:

Hall only	\$240.00
Hall with bar and meeting room	\$330.00
Hall with kitchen and meeting room	\$355.00
Hall with kitchen, bar and meeting room	\$445.00

The Community Centre fees were raised \$10 in 2020. Otherwise the last time the fees were raised slightly was ten (10) years ago, in 2014, with the exception of the Hall, Bar & Meeting Room which actually dropped in price from \$385 to the current price of \$330. The Township has kept the Community Centre fees extremely low compared to other local municipalities in Lambton County, in order to provide opportunities, fundraisers, events and services to our community at a very low rental cost. The Township essentially subsidizes the operating expenses in order to provide our residents and local organizations these low cost opportunities.

The request from the Florence Oddfellows, is part of a wonderful fundraising initiative for the Public School; however, Council has been cautious in the past *not to set a precedent* with organizations, by waiving fees for the hall for fundraisers, and our many other very worthwhile causes. It is important to be consistent in treatment of all organizations, and waiving fees for one fundraiser will surely open the door for other requests. The Township has *several* worthwhile charitable organizations hosting fundraisers, events, etc. on a regular basis, but the Township already contributes to these organizations by offering some of the lowest rental rates in the County, so that these events can prosper. *Organizations should be instructed to complete and submit the Donation Application in accordance with the policy when requesting donations.* This gives Council the opportunity to receive and deliberate all donation requests, prior to the budget being adopted.

In 2022 revenue was \$10,258.50 and expenses were \$42,428.68 a deficit of \$32,170.18.
In 2023 revenue was \$13,795.72 and expenses were \$63,541.99 a deficit of \$49,746.27.

Although this is a wonderful fundraising opportunity for the Dawn-Euphemia Public School Playground, Council has already donated \$3,000 to this very worthy cause and should consider that in their decision. The profit from the 300 anticipated attendees attending the spaghetti dinner far outweighs the low hall rental cost of \$355, which typically helps cover the Township operating expenses, insurance and cleaning costs. This is far from a deterrent to any organization renting the facility.

Presently, Council has approved waiving of fees for the following groups: Dawn-Euphemia Public School Grade 8 Graduation Class (approved Dec 5/22) and community public health clinics that are open to the public (ie: flu clinics approved Sept 18/23).

Financial Impact: As per rental fees above

Consultations: None

Recommendation:

1. That Council denies the request dated March 26, 2024, received from the Florence Odd Fellows requesting the waiving of fees for the Dawn-Euphemia Community Centre for a future fundraiser for playground equipment for Dawn-Euphemia Public School.

- OR -

2. That Council acknowledges receipt of the request dated March 26, 2024, received from the Florence Odd Fellows requesting the waiving of the hall rental for the Dawn-Euphemia Community Centre for a future fundraiser for playground equipment for Dawn-Euphemia Public School; And further that Council agrees to waive the fees in the amount of \$_____.

March 26, 2024

Dear Dawn-Euphemia Council,

The Florence Oddfellows are considering a fundraiser for the Dawn-Euphemia School Playground equipment campaign. Would the Township consider waiving the \$355 rental fee for the Dawn-Euphemia Community Centre for the use of the hall for a spaghetti supper? We hope to feed 300 people.

Bob Lunn
Acting Secretary

Bothwell, ON

Proposal details

The subject property at 29831 Irish School Road in Dresden, Ontario is a 35-hectare property. The subject property has been used as an approved landfill site and an approved waste processing/transfer site. The subject property holds an existing Environmental Compliance Approval (ECA) No. (number) A021304 for a 35-hectare waste disposal site with an 8-hectare landfilling area. The application is to amend ECA (Environmental Compliance Approval) No. (number) A021304 to re-open and operate the dormant landfill to meet current environmental standards.

The application is for an amendment to the existing waste disposal ECA (Environmental Compliance Approval) No. (number) A021304 for an 8-hectare landfill for the disposal of non-hazardous solid construction and demolition waste from industrial, commercial, institutional, and municipal sectors, including excess soil that cannot be beneficially reused (excluding any putrescible waste), from the Town of Dresden, within the Municipality of Chatham-Kent.

The application for amendment to the landfill is to allow a maximum fill rate of 1,000 tonnes per day, or 365,000 tonnes annually. At this fill rate, the 8-hectare landfill would reach capacity in 2032, assuming construction of the engineered landfill was completed in 2024.

The application for amendment seeks to incorporate the maximum theoretical capacity of the 8-hectare landfill area being 1,620,000 cubic metres. The theoretical capacity includes an estimated 40,000 cubic metres of previously landfilled material (predominantly fly ash from an incinerator) existing in non-engineered cells. The application for amendment also includes environmental improvements to the existing landfill, including converting the non-engineered landfill into an engineered landfill meeting current environmental standards, and consolidating the existing buried wastes into an engineered landfill cell located in the northeast corner of the property.

The application for amendment is also to allow operations at the landfill 24 hours per day, 7 days per week, 365 days per year.

The application for amendment to the landfill also includes the following construction details updating the landfill to current environmental standards:

- installation of several monitoring wells to detect potential impacts (if any) from the engineered landfill,
- construction of an engineered landfill with a compacted clay liner, a geomembrane liner, and a leachate collection and extraction system including a leachate pond
 - the site is currently underlain by several metres of competent clay, however the current environmental standards call for 750 millimetre of re-compacted clay liner;
 - above the re-compacted clay liner is a geomembrane liner and leachate collection system at elevation 179 metres above sea level (masl), or 2.5 metres (8 feet) below existing grade, and;
 - the maximum elevation of the landfill is 226 masl, or 35 metres (80 feet) above existing grade.
- construction of a stormwater management system including a stormwater management pond and stormwater collection and conveyance ditches, and;
- construction of screening berms along the south, west and north property boundaries.

That Council directs the Clerk to provide comment to the Standing Committee on the Interior, regarding Bill 165, Keeping Energy Costs Down Act 2024, *in support of natural gas in Ontario*, by deadline of April 9, 2024. *Carried.*

Affordable, reliable, sustainable energy— can Ontarians have it all?

Absolutely, and to do so requires a responsible approach that includes both natural gas and electricity, with collaboration between energy providers, regulators and governments.

However, Ontario's energy transition pathway has reached a divide with a recent Ontario Energy Board (OEB) decision.

- From 2025 onwards, builders and developers will be required to pay for all construction costs related to new gas connections at the start of the design of the project. Depending on the size of the project, it could mean millions of dollars of carrying costs for years in advance of any sales or occupancies.
- The OEB decision has cut the 2024 Enbridge Gas capital budget by \$300 million. This means that opportunities to invest in or grow natural gas infrastructure to meet increased demand will be limited. We are assessing which planned and future projects will be impacted.
- The OEB's decision is intended to be effective immediately for all connections, with no recognition of agreements signed before the implementation dates of 2024 and 2025.

On Feb. 22, 2024, the Ontario Government introduced Bill 165, the Keeping Energy Costs Down Act that, if passed, would reverse elements of the Dec. 2023 OEB decision that would have significantly increased the cost of gas connections for new homes and businesses. Public hearings, which include presentations and written submissions, will be held in Toronto on April 8, 2024 and April 9, 2024.

Natural gas plays a critical role in Ontario

- Natural gas provides twice the energy of electricity at a quarter of the cost.
- Natural gas delivers five times more capacity than the maximum electricity demand in Ontario on a peak winter day. In any weather, our reliable natural gas system delivers.
- With unmatched energy intensity, natural gas is the energy backbone for Ontario industry and manufacturing.
- Natural gas partners well with renewable sources of energy and will support the evolution to a more electrified future.
- Leveraging pipeline infrastructure to deliver lower-carbon fuels, such as renewable natural gas and hydrogen, can be part of Ontario's lower carbon future.

There is a lot of information out there and we understand that it can be confusing. We are here to help cut through the information clutter and get to the facts.

- ✗ **Myth:** Enbridge Gas receives subsidies for new gas infrastructure from the Government of Ontario.
 - ✓ **Fact:** This is simply not true. Unlike Ontario's heavily-subsidized electricity system, Enbridge Gas does not receive subsidies, nor does Enbridge Gas receive taxpayer money.
-
- ✗ **Myth:** Existing Enbridge Gas customers subsidize new natural gas connections.
 - ✓ **Fact:** Enbridge Gas abides by an existing Ontario Energy Board policy, EBO-188, which protects existing customers from the cost of expanding the natural gas system. It ensures costs are appropriately attributed to the customers who will benefit from that expansion.
-
- ✗ **Myth:** If natural gas infrastructure is unavailable as a result of the OEB's decision to reduce Enbridge Gas' capital budget, other energy sources are available to replace.
 - ✓ **Fact:** The OEB decision did not provide evidence that other energy sources are ready to replace natural gas. For builders and developers, this could limit the ability to construct in 2024 and beyond.

Enbridge Gas applauds the Government of Ontario for advancing legislation and advocating for access to safe and reliable natural gas at a reasonable cost.

If you would like to ensure access to reliable and affordable natural gas for Ontario, we encourage you to speak up!

- 1 **Support the Ontario Government's actions:** There are two ways you can participate in Bill 165's public hearings: you can register as a presenter or you can submit your comments through written submission. For details on how you can have your voice heard, please contact your Enbridge Gas Municipal Advisor.
- 2 **Engage publicly:** Post on your website and on social media, respond publicly to media coverage with countering arguments on the need for access, customer choice and natural gas infrastructure.
- 3 **Engage with the OEB:** Send a letter to the OEB, letting them know how these changes will impact your business.

Have questions? We have answers.

Contact municipalaffairs@enbridge.com to get started or visit enbridgegas.com/natural-gas-matters to learn why natural gas matters to Ontario.

We are committed to advocating for natural gas infrastructure in Ontario's energy evolution and ensuring our customers can access safe, reliable, affordable energy.

Re: Legislative and Regulatory Changes Affecting Conservation Authority Development Permitting (Effective April 1, 2024)

Municipality of

Brooke-Alvinston

On February 16, 2024, a new Minister's regulation (Ontario Regulation 41/24: Prohibited Activities, Exemptions and Permits) under the *Conservation Authorities Act* was approved by the Province. This regulation will replace individual regulations held by each Conservation Authority. Moving forward, O. Reg. 41/24 will be used by all Conservation Authorities (CA). The regulation's effective date is April 1, 2024. The enactment of O. Reg. 41/24 will also coincide with the proclamation of associated sections within the *Conservation Authorities Act*.

Municipality of

Chatham-Kent

Township of

Dawn-Euphemia

While O. Reg. 41/24 represents a single regulation for all CAs, much of the CA regulatory process remains the same. The administration of O. Reg. 41/24 is a Mandatory Program and Service of the Conservation Authorities as per Section 21.1.1 of the *Conservation Authorities Act* and as stipulated in O. Reg. 686/21: Mandatory Programs and Services. Under section 8 of O. Reg. 686/21, Conservation Authorities shall provide programs and services to ensure that the Authority carries out its duties, functions and responsibilities to administer and enforce the provisions of Parts VI and VII of the Act and any regulations made under those Parts.

Township of

Enniskillen

CAs will continue to require applications for a permit to undertake otherwise prohibited development or alteration activities in regulated areas as defined under the *Conservation Authorities Act* and in O. Reg. 41/24.

Municipality of

Lambton Shores

For those applications submitted prior to the enactment of O. Reg. 41/24, the current permitting process will be followed. New permit applications submitted on or after April 1, 2024 will follow the processes outlined in the updated Section 28 of the *Conservation Authorities Act* and O. Reg. 41/24. Conservation Authorities will be working closely with member municipalities to coordinate communication and update policies and procedures to ensure a smooth transition to April 1, 2024.

Municipality of

Middlesex Centre

Village of

Newbury

Key Changes

While much of the CA regulatory process remains the same, key changes of interest for our municipal partners include:

- The definition of a "watercourse" has been amended from "***an identifiable depression in the ground in which a flow of water regularly or continuously occurs***" to "***a defined channel, having a bed and banks or sides, in which a flow of water regularly or continuously occurs***".
- The regulated area around wetlands ("other areas") will be consistent at 30 m, including around provincially significant wetlands. It was previously 120m.
- Exceptions for certain low-risk activities (see Attachment One for further details).

These changes will require CAs to review and update their associated policies and procedures, and regulatory mapping (as appropriate) to reflect the new regulatory requirements. Municipalities are advised that CA regulatory mapping which has been shared for screening purposes will require updates, and in the interim, CA staff may need to undertake site visits to confirm regulated features and areas.

In addition, section 5 of O. Reg. 41/24 provides a list of activities or works where a CA permit is no longer required, where works are carried out in accordance with the regulation. Applicants are encouraged to confirm exceptions with the CA prior to carrying out the work. CAs will work to provide implementation support materials to municipalities and the public.

Of note to member municipalities is that section 5e) states that a permit is not required for the maintenance or repair of municipal drains if the works are conducted in accordance with mitigation requirements set out in the Drainage Act and Section 28 Regulations Team (DART) protocol. However, member municipalities/drainage superintendents are reminded to continue to notify their local conservation authority of proposed drainage works. This will provide an opportunity for conservation authority staff to identify between works that follow the DART protocol and are exempt, and those works that will still require a conservation authority permit. It is also a reminder that OMAFRA still requires conservation authority input on drains.

Plan Review Services

There are no charges to CA planning services at this time. Conservation Authorities **continue to provide mandatory, or Category 1 programs or services related to reviewing and commenting on applications and other matters (e.g., planning document updates) under the *Planning Act*, and for proposals under Acts** referred to in Section 6 (2) of Ontario Regulation 686/21: Mandatory Programs and Services. Municipalities must continue to circulate planning applications and other matters, including technical reports to CAs so that we may review and comment on natural hazards and wetland matters per Ontario Regulation 686/21. Comments provided will reflect a watershed-based approach to the provision of mandatory programs and services.

We look forward to continuing our strong working relationship and providing you with exemplary services. We will continue to be in contact as we work to transition to this new legislative and regulatory framework.

In order to streamline communication, where multiple CAs share jurisdiction in one municipality, the CA with the largest jurisdiction in that municipality is taking the lead in communication and is sending this letter on behalf of all CAs. Individual CAs will be updating their respective boards on the new regulation changes and passing motions on interim and transitional policies at board meetings in the coming weeks.

Further communication with links to interim and transitional policies will follow. In the meantime, if you or your staff have any questions or concerns regarding the new regulation, please contact the undersigned or individual CA staff. If required, CAs are happy to coordinate information sessions for your staff and councils.

Sincerely,

Ken Phillips
General Manager/Secretary Treasurer

1. *S.5 O.Reg.41/24 - Exceptions*

Attachment One

Excerpt from O. Reg. 41/24: Prohibited Activities, Exemptions and Permits as of April 1, 2024

Note: Applicants are encouraged to confirm exceptions with the CA prior to carrying out the work.

5. Paragraph 2 of subsection 28 (1) of the Act does not apply to,

- (a) the construction, reconstruction, erection or placement of,
 - i. a seasonal or floating dock that,
 - A. is 10 square metres or less,
 - B. does not require permanent support structures, and
 - C. can be removed in the event of flooding,
 - ii. a rail, chain-link or panelled fence with a minimum of 75 millimetres of width between panels, that is not within a wetland or watercourse,
 - iii. agricultural in-field erosion control structures that are not within and that do not have any outlet of water directed or connected to a watercourse, wetland or river or stream valley,
 - iv. a non-habitable accessory building or structure that,
 - A. is incidental or subordinate to the principal building or structure,
 - B. is 15 square metres or less, and
 - C. is not within a wetland or watercourse, or
 - v. an unenclosed detached deck or patio that is 15 square metres or less, is not placed within a watercourse or wetland and does not utilize any method of cantilevering;
- (b) the installation of new tile drains that are not within a wetland or watercourse, within 30 metres of a wetland or within 15 metres of a watercourse, and that have an outlet of water that is not directed or connected to a watercourse, wetland or river or stream valley, or the maintenance or repair of existing tile drains;
- (c) the installation, maintenance or repair of a pond for watering livestock that is not connected to or within a watercourse or wetland, within 15 metres of a wetland or a watercourse, and where no excavated material is deposited within an area where subsection 28 (1) of the Act applies;
- (d) the maintenance or repair of a driveway or private lane that is outside of a wetland or the

maintenance or repair of a public road, provided that the driveway or road is not extended or widened and the elevation, bedding materials and existing culverts are not altered;

- (e) the maintenance or repair of municipal drains as described in, and conducted in accordance with the mitigation requirements set out in the Drainage Act and the Conservation Authorities Act Protocol, approved by the Minister and available on a government of Ontario website, as it may be amended from time to time; and

RECEIVED

To the Dawn-Euphemia Council,,

On behalf of Dresden Citizens Against Reckless Environmental Disposal (Dresden C.A.R.E.D.), we would like to express our deep gratitude for your statement of opposition to YORK1's proposed landfill and regenerative recycling facility.

We would like to thank you for fulfilling your roles as advocates for the community that you were elected to represent. Your collective decision to voice your opposition to YORK1's proposal is commendable and we thank you for your decisiveness in this action. Your decisiveness in this matter underscores your dedication to protecting our environment and ensuring the health and safety of your residents. Your voice and actions are instrumental in advocating for sustainable solutions that benefit us all.

We recognize that the effects of YORK1's proposal will extend beyond Dresden and impact neighbouring communities like Dawn Euphemia. We appreciate that the boundaries separating our communities on the map are mere lines, and we are grateful for your willingness to join forces in this fight. Together, we can amplify our voices and advocate for sustainable solutions that benefit all of us.

Thank you once again for your support; we look forward to standing alongside you as we work towards a shared goal of protecting our communities,

Sincerely,

Dresden Citizens Against Reckless Environmental Disposal (Dresden C.A.R.E.D.)

To: Members of Dawn-Euphemia Township Council
Meeting Date: April 2, 2024
From: Administrator-Clerk
Subject: **RENEWAL OF MUTUAL ASSISTANCE AGREEMENT**

Open Session Report

Background:

At the Regular Council Meeting of Monday January 15, 2024, Council passed the following resolution:

2024-06 That Council directs the Clerk to renew the Mutual Assistance Agreement for use of personnel, service, equipment, or material during an emergency with Brooke-Alvinston and Oil Springs. Carried.

Comments:

Attached is the Draft By-Law # 2024-06, with updated Agreement, for Council's consideration.

Financial Impact:

Consultations:

Brooke-Alvinston
Oil Springs

Strategic Plan Implications:

7. Promote a Healthy, Accessible and Safe Community S.7.2 Update the Township's Emergency Management Plan

Recommendation:

That By-Law 2024-06, Being a By-Law to Renew the Mutual Assistance Agreement for use of personnel, service, equipment or material during an emergency with Brooke-Alvinston and Oil Springs, be read a First and Second Time, Read a Third Time and Finally passed this 2nd Day of April, 2024.

Attach: Mutual Assistance By-Law & Agreement (3 pgs)

THE CORPORATION OF THE TOWNSHIP OF DAWN-EUPHEMIA

BY-LAW 2024-06

**Being a by-law to authorize an agreement between
The Corporation of the Township of Dawn-Euphemia
and The Corporation of the Municipality of Brooke-Alvinston
and the Village of Oil Springs
for the purpose of establishing a Mutual Assistance Agreement**

WHEREAS pursuant to Sections 2.1 of the *Emergency Management and Civil Protection Act*, every municipality shall develop and implement an emergency management program, including an emergency plan as required by Section 3 of the Act;

AND WHEREAS pursuant to Section 13.3 of the Act, the Council of a municipality may enter into agreements with other municipalities for the provision of any personnel, service, equipment or material during an emergency;

AND WHEREAS the Council of the Township of Dawn-Euphemia deems it necessary and desirable to enter into an agreement with the Municipality of Brooke-Alvinston and the Village of Oil Springs for the provision of mutual assistance.

NOW THEREFORE the Council of the Township of Dawn-Euphemia enacts as follows:

1. That the Council of Township of Dawn-Euphemia enter into an agreement with the Municipality of Brooke-Alvinston and Village of Oil Springs, attached hereto as Schedule "A" to this by-law.
2. That the Mayor(s) and Clerk(s) are hereby authorized and directed to execute all documents necessary to enter into the aforementioned agreement and to affix the seal of the Township of Dawn-Euphemia thereto.
3. That the provision of this by-law shall come into force and effect on April 30, 2024 and that any previous by-laws be repealed thereafter

Read a first, second and third time and finally passed this 2nd day of April, 2024.

Schedule A to By-Law 06 of 2024

Mutual Assistance Agreement
(Dawn-Euphemia, Brooke-Alvinston, Oil Springs)

An Agreement to establish a Mutual Assistance Agreement with the Municipality of Brooke-Alvinston. For purposes of this agreement, Mutual Aid (Fire) is excluded.

This Agreement made effective this 30th day of April, 2024 between:

The Township of Dawn-Euphemia,
The Municipality of Brooke-Alvinston,
And Village of Oil Springs

WHEREAS pursuant to Section 2.1 of the Emergency Management and Civil Protection Act, every municipality shall develop and implement an emergency management program including an emergency plan as required by Section 3 of the Act

AND WHEREAS pursuant to Section 13.1(3) of the Act, the Council of a municipality may enter into agreements with other municipalities for the provision of any personnel, service, equipment or material during an emergency

AND WHEREAS pursuant to Sections 2.1 and 13 of the Act, the Municipality of Brooke-Alvinston, on the necessity and desirability of entering into an agreement for the provision of mutual assistance to deal with emergencies;

AND WHEREAS pursuant to Section 2.1 and 13 of the Act, each of the above municipalities agree to establish their respective Emergency Management Organizations and enter into agreements to establish a mutual assistance area;

Now therefore the indenture witnesseth that:

1. Each participating Municipality shall develop its own Municipal Emergency Management Group and emergency plan and shall enter into this mutual assistance agreement;
2. Upon receipt of a call for mutual assistance, each municipality may provide assistance at its own discretion taking into account its own local situation and legal obligations at the time;
3. Any costs incurred in connection with the mobilization, movement and deployment of mutual assistance resources as may be rendered under the terms of this Agreement shall be borne by the Municipality providing such aid unless:

- a) An alternate agreement is reached between the parties for payment of services provided
 - b) If an emergency is declared by the party requiring assistance and provincial / federal funding becomes available to offset costs
4. A request for assistance shall, in the case of a municipality, be made by or on behalf of the head of Council or alternate
 5. The municipality affected or threatened by the emergency and requesting mutual assistance shall have implemented its emergency plan for the duration of the operations, assume direction and control over equipment and human resources contributed by other local authorities

This agreement comes into force and effect on the day, and year listed above and will be reviewed yearly thereafter. At the time of the review, changes or additions may be introduced by way of a rider which shall become part of the agreement upon ratification by all parties

Any one of the signatories may withdraw from this agreement by giving thirty (30) days notice of termination to all other signatories. After the withdrawal of any party, the agreement shall continue to be in force with the remaining parties.

Indemnification: Each party to the agreement shall defend, indemnify and save harmless the other party, its elected officials, officers, employees and agents from and against any and all claims of any nature, actions, causes of action, losses, expenses, fines, costs (including legal costs), interest or damages of every nature and kind whatsoever, including but not limited to bodily injury, sickness, disease or death or to damage to or destruction of tangible property including loss of revenue or incurred expense resulting from disruption of service, arising out of allegedly attributable to the negligence, acts, errors, omissions, misfeasance, nonfeasance, fraud or willful misconduct of their respective Municipality, its directors, officers, employees, agents or any of them in conjunction with or in any way related to the delivery or performance of this Agreement. This indemnity shall be in addition to and not in lieu of any insurance to be provided by both parties in accordance with this agreement and shall survive this Agreement

Each party to the agreement agrees to defend, indemnify and save harmless the other party from and against any and all claims of any nature, actions, causes of action, losses, expenses, fines, costs (including legal costs) , interest or damages of every nature and kind whatsoever arising out of or related to either party to the agreement's status with WSIB. This indemnity shall be in addition to and not in lieu of any proof of WSIB status and compliance to be provided by both parties in accordance with this Agreement, and shall survive this Agreement.

RATING BY-LAW

Tile Drainage Act, R.S.O. 1990, c. T.8, s.8

THE CORPORATION OF THE
Township of Dawn Euphemia

106

BY-LAW NUMBER 8 of 2024

A by-law imposing special annual drainage rates upon land in respect of which money is borrowed under the *Tile Drainage Act*.

WHEREAS owners of land in the municipality have applied to the council under the *Tile Drainage Act* for loans for the purpose of constructing subsurface drainage works on such land;

AND WHEREAS the council has, upon their application, lent the owners the total sum of \$74,700.00 to be repaid with interest by means of rates hereinafter imposed;

The council, pursuant to the *Tile Drainage Act*, enacts as follows:

1. That annual rates as set out in the Schedule 'A' attached hereto are hereby imposed upon such land as described for a period of ten years, such rates shall have priority lien status, and shall be levied and collected in the same manner as taxes.

TILE DRAINAGE DEBENTURE

Tile Drainage Act, R.S.O. 1990, c. T.8, subs. 2(1)

\$74,700.00

No. 2024-02

The Corporation of the _____ Township of _____ Dawn Euphemia hereby promises to pay to the Minister of Finance, the principal sum of \$74,700.00 of lawful money of Canada, together with interest thereon at the rate of 6 per cent per annum in ten equal instalments of \$10,149.34 on the 1st day of May, in the years 2025 to 2034, both inclusive.

The right is reserved to The Corporation of the _____ Township of _____ Dawn Euphemia to prepay this debenture in whole or in part at any time or times on payment, at the place where and in the money in which this debenture is expressed to be payable, of the whole or any amount of principal and interest owing at the time of such prepayment.

This debenture, or any interest therein, is not, after a Certificate of Ownership has been endorsed thereon by the Treasurer of this Corporation, or by such other person authorized by by-law of this Corporation to endorse such Certificate of Ownership, transferable.

Dated at the _____ Township of _____ Dawn Euphemia in the Province of Ontario, this 1st day of May, 2024, under the authority of By-law No. 49 of 2015, 27 of 2023 of the Corporation entitled "A by-law to raise money to aid in the construction of drainage works under the *Tile Drainage Act*."
